Flower of the Month –

Narcissus

The flower for December is the narcissus, offering up the holiday favorite *Narcissus papyraceus*—or paper whites—for a bright spot of indoor blooms. Place its bulbs on a bed of water and stones in November, and they will bloom tall by year's end. In feng shui, if you succeed in forcing a narcissus to bloom in time for New Year's Day, you'll secure good fortune for the year ahead. This sunny flower and its daffodil siblings signify good fortune, rebirth, and abundance.

The daffodil has been adopted as a fund-raiser for the national cancer societies of America, New Zealand, Australia, and Ireland, in addition to the U.K. Marie Curie fund-raiser for the terminally ill. It's also the New Year flower in China and Iran and the national flower of Wales.

Maintenance Reminder

Please do not put any holes in the woodwork in your apartments. This also includes your apartment door.

These doors are a special one hour fire door, designed to keep you safe in case of a fire in the building. If the door is compromised, it no longer meets fire code and must be replaced (which is a cost of about \$500). If you need help hanging things in your apartment please let Terry know and he will help you get the job done!

When the weather outside is frightful, please consider changing your appointments and staying indoors. If you must leave the community, please allow staff to valet your car. Be extra careful on sidewalks and parking lots when temperature is below freezing!

DID YOU KNOW?

The custom of kissing under Mistletoe comes from England. The original custom was that a berry was picked from the sprig of Mistletoe before the person could be kissed and when all the berries had gone, there could be no more kissing!
