Resident Spotlight Marilyn Scharbarth

Marilyn was born in Iowa then moved to California when she was four years old. Her father was a painting contractor and there was more work in California. She has two sisters and three brothers.

Marilyn met her husband in high school and got married after they graduated. Her husband was in the Air Force so they moved around a lot. They lived in some interesting places, such as Turkey and Panama. Her favorite place to live is Iowa. She loves the people, the countryside and the animals. She and her husband raised a boy and girl in Iowa and they have four grandchildren.

Marilyn has always loved to bowl. She was on a bowling league with friends when she was younger. She also loves to play cards and bingo. She loves animals so she just had to bring her cat when she moved to Windsor Manor.

Marilyn really likes living at Windsor Manor. She loves the people and all the fun activities. She's only been here for a short time but feels like she's fitting right in. Welcome home Marilyn!

Employee Spotlight **Kaylee Houston** Maintenance Manager

Kaylee grew up in Melcher-Dallas, Iowa with her younger brother, Sam. She enjoyed living in a small town where she was able to keep busy with lots of activities. She played softball (third base), volleyball and basketball for her school. She also enjoyed fishing with her grandpa and still does. She is excited to learn to hunt with her uncle this Fall.

Kaylee has always enjoyed trying to figure out how to fix things. She learned how to make a book shelf in high school shop class and that's when she figured out she might want to build and fix things for a living. Her first job was assisting her uncle roofing houses on the weekends. After graduation she went to college for a year then took a job with the Union.

She was thrilled when offered the maintenance manager position because she loves the warm and cozy environment and being able to help people. She enjoys seeing the smiles on their faces when she fixes something that was broken.

We're so happy to have Kaylee on our Windsor Manor Team. She's smart, kind and can fix almost anything. Welcome to Windsor Manor Kaylee!

While We Wander the Earth

When someone had passed away, I used to use phrases like, "when she was still alive," or "before she passed away." But over the years, I have started thinking of the time when friends and family were still alive as when he or she "wandered the earth."

During a recent hymn sing, I heard everyone singing in the living room a verse of a familiar hymn that goes like this: "And some day yonder, we will never more wander, but walk on streets that are pure as gold." I like that image.

At a recent funeral of one of our residents whose wandering days were over, the priest said, "Life has not ended. It has just changed." In an instant, we go from wandering the earth to walking on gold-lined streets. Talk about something to look forward to!

May all our days on earth be not spent wandering aimlessly, but preparing and practicing for the days when we inhabit that "mansion up over the hilltop, in that bright land where, we never grow old."

Jenny Knust, ED

Daylight Savings Time ends on November 5, 2017. Turn your clocks back one hour before you go to bed. Ask family or staff for help if needed.

Millie's granddaughter stopped by to see her grandma and played bingo with us.

Maxine enjoying some ice cream from The Outside Scoop.

Thank you Peanut for all the times you've offered to help the staff and residents. We appreciate you!

October was a good month, we had lots of fun and made some new friends.

Who knew Delmer was so talented? He made this wagon and about forty others for grandkids and friends. Thanks for sharing this with us. We enjoy seeing it every day.

Barbara and Vicki were all smiles on craft day.
