### Resident Spotlight

Millie Amos

Millie was raised in Lacona, Iowa with one younger brother and one older brother. Her favorite things to do as a child were riding ponies and playing in the sand by the creek. She played softball, basketball and the cornet in high school.

Two years after high school she married a farmer and lived on a farm the rest of her life. She raised two daughters, Linda and Caroline.

She loved helping on the farm but always had a job outside the home. Her first job was with Bell Telephone and her last was with True Value in Indianola.

Millie has four grandchildren and a great-grandson, Colton that's two years old. She sends him the beanie babies she wins at BINGO and he absolutely loves them.

Millie enjoys crocheting, decorating cakes, making jewelry, her farm and her family. She participates in almost all the activities at Windsor Manor and is always in a good mood.

Millie is about to celebrate her one-year anniversary as a Windsor Manor resident. She loves to visit and always welcomes new residents.

Millie is a joy to have around and we're so happy she chose Windsor Manor to call home!

Employee Spotlight  
**Taylor Anania**

Taylor grew up right here in Indianola, Iowa. She is the youngest of three with an older sister and brother. She played softball and ran track in high school. She was a pitcher and a long-distance runner. She graduated from high school this Spring and will start college at DMACC in the Fall. Taylor is going to study nursing and would like to work with pregnant women.

Taylor is a self-taught cake decorator. She has done cakes for parties and weddings and plans to keep it up as a side job while going to school and working at Windsor Manor. She has two dogs, a golden retriever named Bentley and a poodle named Marley. She recently took in a cat that needed a home.

When she's not working, taking care of her dogs or decorating cakes, she enjoys watching her boyfriend race cars at the speedway and modeling. She models for Skeffington's and a beauty line. We're not surprised because she is truly beautiful inside and out.

Taylor started working at Windsor Manor when she was sixteen. She worked here for a year then decided to take a job at Westview Nursing Home. In January of this year, she decided to come back to Windsor Manor and we're so glad she did.

Taylor enjoys working at Windsor Manor because the residents are always happy and it's a great work environment. Taylor is an awesome caregiver. She is patient and kind and always has a smile on her face. The residents love her and so do we!

### The Heart of a Servant

Our traveling naval reservist and fantastic Windsor Manor nurse is back! We snapped some great pictures when she stopped by for a visit the week before her return. She was on

her way to meet with her commanding officer and stopped by to say hello. I love this picture because it is a great example of women who serve others in different ways.

Lyuba is a soldier, a nurse, a wife and a mother. All of those roles require a great deal of sacrifice and commitment. Emili and Mila are valuable members of the WM management team and are also wives and mothers. And one of the most interesting things about all these beautiful women is that they have all served as caregivers at Windsor Manor. They were all born with a heart to serve, and we are beyond blessed to have them as part of the Windsor Manor team.

Thanks to all members of our team for the commitment you have made to serve everyone who calls Windsor Manor home. I know our residents appreciate all that you do for them.

**Ruby celebrated her 90<sup>th</sup> birthday this month. Happy Birthday sweet Ruby The cupcakes and lemonade were a hit!**

Ruby's favorite gift was a box of chocolates.

Ruby's friend wrote her a poem and is reading it to her.

Ruby is looking at an old photo of the people she worked with at the bank.
