Frog at his 100th Birthday open house!

Frog attending his one-room school house!
It was about this time he got his nickname.

Many people know Forrest Luing as "Frog", but not everyone knows how he got the nickname. When Forrest was a young child, and attending country school, he would walk a quarter mile across his family pasture every day. While he walked, he would stop by a creek and pick up a frog. During school, the frog would jump out of his pocket and hop around the room. Even after having to stay after school as a punishment, Forrest continued bringing frogs to school. His peers began calling him Frog, and the name stuck! Now, at age 100, he is still known by the nickname, and enjoys tell the story of its origin!

BOOT-FULL OF SUNSHINE!

In efforts to help "brighten up" an otherwise rainy April, I delivered these boots to our local businesses. They loved getting some color on a cloudy day! I delivered them to 21st Century Rehab, McFarland Clinic, Nevada PD and Fire Department, Story County Lab, and Nevada High School. The Tag read, "These April Showers made us bring you flowers to brighten your day."

Residents enjoying an Alfresco lunch on our patio! What a beautiful sight!

A big THANKS to my residents that went on our cruise to Pella! I had a great time and enjoyed our lunch and outing together!

Windsor Manor had a great time honoring our Mothers on Mother's Day, Sunday May 8th! About 75 residents and their families joined us for our Mother's Day Tea. Thank you all for making the day special for our residents!
