### The Shamrock

One of the most common symbols of Saint Patrick's Day is the shamrock. This deep green, three-leafed clover plant is native to Ireland, and according to historical accounts, Saint Patrick used the shamrock to illustrate the concept of the Holy Trinity when he was converting Druids to Christianity. It has been linked to him and Ireland ever since.

  
an old IRISH CURSE;  
"may those that love us love us;  
and those that don't love us,  
may god turn their hearts; if he  
can't turn their hearts, may he  
turn their ankles, so we'll  
know them by their lumping."
