September Resident Spotlight: Joe Harper

September's Resident Spotlight is Joe Harper! Joe became a member of Windsor's family in May of 2013. He was born

January 11, 1930 in Ames, Iowa. Joe was the 5th Child of Harlon and Mary "Joan" Harper and grew up in Milford Township. He attended Milford Consolidated school, and went on to Simpson College after high school, and met his wife Phyllis there. Joe went on to Iowa State, and received a Master's Degree in Agriculture Education. His first teaching job brought him to Exira, Iowa where he taught in the Ag Program. He later went on to teach 25 years in Colo, Iowa and 10 years at DMACC.

Joe was united in Marriage to Phyllis (Robinson) Harper on June 11th, 1950 until her death in 2016. Together, they raised 3 children Doug, Barbara, and Linda. While raising his family, Joe enjoyed teaching them about farm life, playing games, and taking livestock to the county and state fair. He is most fond of seeing them gain recognition for their work in FFA, sports, and education.

Joe has been active in many different groups and organizations. He was a charter member for the Colo Lions Club, chairman of the restoration committee that restored Reed-Niland Corner, Swine Superintendent for the Iowa State Fair for 8 years, President of the Active Iowa Vocation Agriculture Association and taught high school Sunday School for many years, just to name a few.

When asked what he liked about Windsor, in true Joe fashion he replied, "The sweet ladies that work here!" He also appreciates all the activity programs available.

September Staff Spotlight Mebrat Emaha

This month's Staff Spotlight is Mebrat Emaha. Mebrat works as the Housekeeper and has been a part of the Windsor family for 4 years. She was born in 1981 in Eritrea, East Africa. She is the second youngest of 10 children. She came to the U.S. in 2004 with her husband Mehari, and oldest daughter. Mebrat lives in Nevada with her husband and two daughters, Saron and Sarah. Outside of work she enjoys catching up on sleep, spending time with her family, cooking and taking walks. Mebrat hopes to one day go back and further her education, maybe even one day becoming a nurse. The best part of her job is talking to the residents and helping them. Thank you Mebrat for all you do for our community and our residents! We are lucky to have someone like you!
