Welcoming

Melvin & Jeanette (Cassier) Ilsley are from DeKalb IL, Melvin grew up in Cortland IL, and Jeanette in Sycamore IL.

Melvin has one sister Joyce whom is 93 and still living. Melvin would ride his bike 30 miles to see her when he was a young man. He remembers family outings too, they would have family reunions along the Mississippi river.

Melvin's cherished pet as a child was his horse "Maude" that he would ride to school. As a child, his job was to help with the chores on the farm. He would visit the neighbors and they would give him their runt pigs to take home, raise, and then sell them. Melvin's favorite foods are Angel food cake and Bread pudding. Melvin was a professional truck driver and only likes to do things the "right way" not half way.

Jeanette grew up next to a golf course that her Father designed and managed- her mother ran the concession stand and that is where Jeanette worked as a teenager. Jeanette's favorite pet as a child was a German Shepherd named "Rex". Her favorite hobbies as a child were swimming, ping pong, and fishing. One of her passions is painting! Most of their wall decorations in their room are paintings that she has painted.

Jeanette met Melvin on a blind date and they were married with a small wedding in 1957. They have 3 beautiful daughters Chris, Claire and Diane. They also have 8 grandchildren and 3 great-grandchildren with one on the way. The Ilsley's are very blessed to have each other and to have such a wonderful family.....

Welcome to Windsor Manor

Employee Spotlight

As we reflect on our blessings during this month, we pause in gratitude for our outstanding team of dedicated employees- each one committed to our mission of providing an atmosphere of respect, comfort and grace. One special person in our dietary department is Lauren Pannier, an employee since November 2016. Lauren grew up in Morrison, IL and graduated high school, May 2016. She is the daughter of Doug and Kolleen Pannier.

Lauren is currently enrolled at Sauk Valley Community college to become a dental hygienist. Her personal goals are to graduate from college as a dental hygienist, travel to all 50 states and to give back to charities to help those in need.

Currently Lauren volunteers her time assisting with the WHOA program in Morrison. WHOA stands for White Oaks Therapeutic Equestrian Center; provides equine assisted experiences to enhance the quality of life and cultivate personal growth through therapeutic, educational, recreational, and social development for persons with disabilities ages four through adult. Interactions between horses and students have the ability to improve physical capabilities and skills, as well as social interaction, emotional stability, spiritual well-being, along with mental focus and processes.

Thank you, Lauren for your dedication and we are blessed to have you apart of our team.
