Notes from Lisa:

It's February! One month closer to spring and not to say we're counting down the days but, we're counting down the days. January was a doozy! If you have wondered about the benefits of living in assisted living here is one...NO SHOVELING.

We are so blessed to employ the most dedicated staff around. Our resident assistants, dietary staff, office managers, housekeeper and of course maintenance director all diligently worked while everyone else enjoyed their "snow days". Our residents were warm, safe and cared for. There is something to be said for the peace of mind knowing your loved one isn't stranded during a blizzard!

We do have 1-bedroom deluxe and 2-bedroom apartments available. If you know of someone who would benefit from assisted living, give us a call or stop in for a tour.

At Windsor we take away the worry of cooking, cleaning, and doing laundry. Staff is available 24 hours a day to assist in any way requested. Apartment living allows you to maintain your independence, continue to make all your own choices, and receive as little or as much assistance as you need.

Coming up in February we will be treating our residents to a special "Valentine's Day" meal. We are staying busy with daily activities and as the weather allows, getting out for shopping.

Have a wonderful month, stay warm, and spring will be here before we know it.

Lisa
