1:00 P.M. Garden Tea party in dining room.

April Birthdays

Shirley Meyer (Resident) 4/12

Sam Kluppelberg (Associate) 4/16

Alan Bookmeier (Resident) 4/21

From the desk of the Executive Director:

I'm writing this as the last bit of snow melts, in hopes that this is the end of the winter blast. However, knowing we live in Iowa, give me a couple of days I could be talking about another 6 inches of snow. The one thing I am sure of, none of our residents had to worry about shoveling, which is a WIN!

Speaking of winning, March Madness is in full swing at Windsor. We are still cheering on our Iowa Hawkeye women and our Iowa State men as I write this. We have had a great time with our brackets this year and hope Iowa can go all the way! Fingers crossed they aren't out by the time you're reading this.

Excitement is building for our upcoming painting project. Windsor is getting REFRESHED! We are repainting all our common areas. The residents have gotten many chuckles as they watch me wander aimlessly around the building with paint samples. I have noticed none of them have picked the colors for me. We'll see if I can get them to help paint!

While I'm busy painting the residents will be busy planning our gardens. We are always excited to be able to get out into the dirt. We rely on the expertise of our residents when planning what and where to plant our vegetables. They bring years of knowledge and experience to this activity.

Friendly reminder Windsor has open apartments in our assisted living. We have 1 bedroom and 2-bedroom apartments available! Call today to schedule a tour. All apartments include utilities, basic cable, housekeeping & laundry services weekly, 24-hour staff and 3 home cooked meals a day.

Fingers crossed for warmth, sunshine, and of course, a few of those April showers.

Until next time,
Lisa Staab, RN

Mary off to a wonderful lunch with friends.

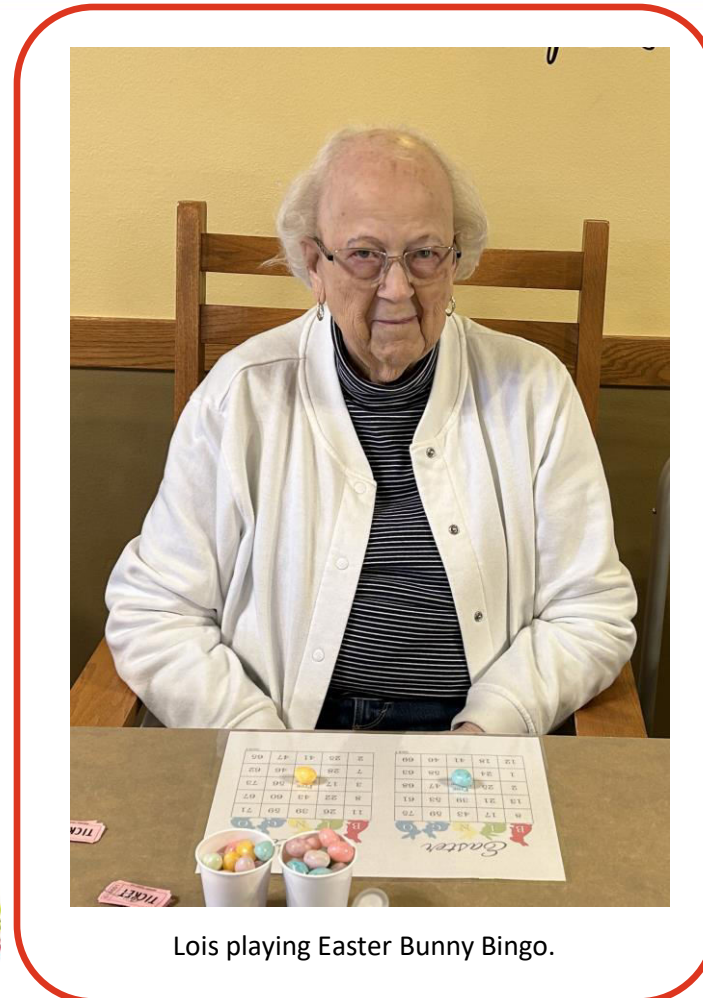

Shirley and Eldo potting a new house plant.
